

Information Center Kiosk

Added Value for our Advertisers!

This new Information Center Kiosk is lightyears ahead of its predecessor! It features solid aluminum construction, interchangeable double acrylic clear panels that hold one piece in between them, and reinforced racks to hold the rest of your print material.

If needed, WideScreen Media Group can design a wide array of printed materials for you (and maybe even save you money). This is the most efficient way of reaching the moviegoer, because after they watch your commercial on screen, they are directed to the kiosk with your coupon, menu, brochure, or business card!

Each Information Center Kiosk can hold the following materials and dimensions:

- Business Cards (3.5x2 Horizontal or Vertical)
- Post Cards (4x6 & 5x7 Horizontal or Vertical)
- Rack Cards, Menus, Brochures (4x9 to 4x11)
- Flyers, Magazines (8.5x11)

3826 Beresford Road East
